

WOMEN'S VOICES FOR THE EARTH

invites you to join us for a five day fundraising trip on the

Salmon River

North America's premier wilderness river

JULY 17 - 23, 2006

The Salmon River is one of the wildest and most spectacular river canyons in America. With big sandy beaches and friendly white water, the Salmon carves out the second deepest canyon in North America through the largest wilderness area in the lower 48 states, the majestic Frank Church River of No Return Wilderness. Sighting of bear, bighorn sheep, elk, deer, eagles and otters are possible. Emerald pools and hot springs combine to form an unparalleled setting for a wilderness journey.
